Mike Johnson is fast approaching 20 years' experience in television, and is a skilled and sought after **cameraman** in both multi-camera and single camera environments. Operating **all types of cameras** (from **studio** pedestals to **PSC** hand held) has allowed him to work on a huge variety of programmes and events. **Mike owns several HD cameras**. He is based near **Birmingham** in the West Midlands with a second base in the South West on the **Cornwall/Devon** border. From his **BBC staff training** and subsequent freelance experience as a **lighting cameraman and camera supervisor**, his friendly approach, enthusiasm and knowledge is invaluable to your production whether in studio, on OB or on location. Mike's company TV Camera Crew Ltd also produces stunning, broadcast quality films for large international companies. Mike is very proud to be part of the technical and creative team that won the BAFTA Special Award 2011 for Springwatch and Autumnwatch, and the RTS West award for Best Children's Programme for Naomi's Nightmares of Nature. Mike works for all the major UK broadcasters, many independent production houses and is regularly contacted by overseas companies wishing to make programmes in the UK.
